Exhibition 7 – 22 September 2018

Opening Friday, 7 September 2018, 7 – 9 pm

The exhibition series *on view*: in cooperation with students of the Universität der Künste Berlin, faculty of Fine Arts, is entering its third round and we are very pleased to present in this year's edition artists from the class of Prof. Monica Bonvicini.

on view: shows eight young talents dealing with personal, socio-cultural, but also space-specific issues – including media such as video, sound, installation and photography.

The exhibition series *on view*: takes place annually in September at galerie burster Berlin, offering art students a presentation and promotion platform outside of the academic context, giving them first insights into the art market and giving us a glance at the contemporary art of tomorrow.
